

LOS ANGELES COUNTY DEPARTMENT OF BEACHES AND HARBORS
APPLICATION SUBMITTAL INSTRUCTIONS FOR REMAINING
RECREATIONAL CAMP, PHYSICAL FITNESS TRAINING, AND WATER
ACTIVITY USE LICENSE LOCATIONS
(FOR SUMMER 2017 ONLY)

I. BACKGROUND

A. Purpose

Available Use Licenses for the remaining locations for recreational camp, physical fitness training, and organized water activities conducted during the summer season, June through September, will be awarded to qualified operators on a first-come, first-served basis provided they pay all applicable fees and meet all application and minimum safety requirements.

Note: Any operators with outstanding amounts due to the Department will not be issued a Use License unless payment is received in advance of the application submittal. If amounts outstanding are in dispute, payment must still be made and held by the Department pending resolution of the dispute.

B. Description of Operations

1. Use License Locations – The available remaining Use License locations are listed in Attachment A. Applicants are allowed to bid on multiple sites provided that a separate application and administrative license fee is submitted for each desired license location.

Note: Issuance of any additional Use Licenses, however, are at the exclusive and complete discretion of the Department Director.

2. Maximum Days and Hours of Operation – The available hours of operation for water instruction vary depending on the Use License site, but generally will be within lifeguard tower operational hours (see Attachment A). Applicants needing to start their operations outside of the listed available hours may be allowed to do so provided they meet the safety and personnel requirements listed in Attachment B. **Operations are permitted Monday through Friday or weekends only and any operator conducting any activities that require a Use License at any beach owned, controlled or managed by the Department other than at the location(s) and days the operator has secured a Use License(s) for and/or off-season utilizing solely its summer Use License(s) is subject to forfeiture of all Use Licenses no matter the location where the unpermitted activity occurs and, further,**

may be barred from securing any Use License from the Department in the future at the exclusive and complete discretion of the Director.

C. Application Acceptance Date

- Beginning April 3, 2017

II. APPLICATION CONTENTS

A. General Requirements

Remaining Use Licenses will be issued on a first-come, first-served basis, provided that the applicant pays all applicable fees and meets all application and minimum safety requirements. All application submittals must include, at a minimum, the information specified below. Failure to include this information will constitute cause for the rejection of the application and the Department will then review the next application received. The inclusion of any additional information that may assist in the evaluation is encouraged. The adequacy, depth, and clarity of the submitted application will influence its evaluation considerably. The application submittal must be complete enough for a selection to be made solely from the material contained therein.

B. Specific Application Contents

1. Applicant's Credentials and Experience – The application must include a detailed summary of the applicant's experience. Emphasis should be placed on those areas and qualifications that evidence the capability to effectively manage an operation of this type. This should include the location, duration, and description of past camp/training operation experience, credentials, qualifications, and certifications of the applicant. Specific inclusion should be made of permits/licenses secured from other public sector entities or of programs operated on behalf of public sector entities within the last five years and name and contact information of each agency's representative should be included.
2. Safety – Applicant must provide an emergency response plan demonstrating the applicant's preparedness to handle any potential emergencies that might occur in conjunction with implementing the proposed recreational operation. Applicant's staff must also possess the necessary certifications and be responsible for ensuring that it complies with all of the safety requirements included in Attachments B and C.
3. Summary of Employees' Qualifications – Applicant must provide information regarding the personnel who will participate in carrying out the terms and conditions of the Use License. Credentials, experience, training, and age of

all instructors/staff participating in the program must be provided. The minimum age for Lead Instructors and all Instructors in the water is 18 years of age. **Note: Any employee working with youth program participants will be required to pass background checks conducted at the expense of the applicant.**

4. Description of Proposed Program – Applicant must submit a detailed operating plan, which will be evaluated based on the overall reasonableness of the plan, the scope of the instruction and the activities to be provided, and the extent to which the plan complies with the requirements of the Use License. The operating plan must include a schedule of classes/camps; camp start and end dates; number of campers/participants per class/camp; fee per participant; participant-to-instructor ratio; days and hours of operation from time of drop-off to time of pick-up, including set-up/strike times and extended care (if applicable); a detailed proposed transportation and parking plan that addresses participant drop-off/pick-up and staff parking locations; and the total scope and a representative schedule of the daily activities to be provided (a different schedule for each day if the activities will differ day-to-day). All regularly-occurring activities are to be provided exclusively at the Use License location, unless an applicant identifies which regularly-occurring activities are to be conducted off-site and provides the Department with written documentation of formal approval for use of any and all off-site locations to be utilized for regularly-occurring activities.
5. Preferred Use License Sites – If an applicant has submitted more than one application, each application should identify a ranking for each Use License site, e.g., first, then second and third choices thereafter. The Department cannot guarantee that an applicant, even if selected, will be awarded their first choice or, indeed, any of their selected Use License sites, as the Department may instead offer the applicant other alternate sites. If the applicant does not wish to consider any other Use License site as a possible alternate beyond the first choice, this should be noted in the application.
6. Community Service – Describe and provide documentation for any scholarships and/or reduced fees given to underserved and/or low-income Los Angeles County youth. Applicants will be evaluated based on the amount of fees reduced or scholarships given.
7. Financial – Financial consists of financial remuneration and financial capability. The minimum location bid amount for each Use License location varies depending on Beach location and is identified in Attachment A. Applicants will be weighed based upon the minimum bid offered, however

they are cautioned against offering more than they can realistically afford to pay, as the Department will hold the selected applicants to their Use License site offers. Annual financial remuneration to the County will be based upon a percentage of gross receipts earned by the operator at the Use License location, 15% in 2017, but **under no circumstances** will the amount owed to the County be lower than the minimum bid offered by the applicant in its application. **Applicants should also be keenly aware that their financial and accounting records are likely to be audited by the Department at least once during their Use License term, and they agree to maintain financial and accounting records in accordance with Use License requirements and to cooperate in good faith and to fully, completely and timely comply with auditor requests.**

Financial capability will consist of providing the necessary documentation to exhibit the applicant's financial responsibility and strength to successfully carry out the proposed recreational operations for the Use License term. Documentation should include current financial statements listing all assets and liabilities of the applicant, initial available operating capital and its source, and the amount of any borrowed capital proposed for the operation and its source and terms of repayment.

8. Use License Term – One year, extended on a year-to-year basis at the exclusive and complete discretion of the Department Director.
9. Financial Conflict of Interest Disclosure – Applicants are required to disclose the names of business partners or associates who have a financial conflict of interest when operating on the County-owned, controlled or managed beaches and/or in Marina del Rey. The term “financial conflict of interest” refers to an individual or entity that has a direct or indirect ownership or investment interest, or who has a compensation arrangement, with another entity or individual that also operates or has operated within the last five years at County-owned, controlled or managed beaches and/or in Marina del Rey. The requirement to disclose previously-existing or new financial conflicts of interest will remain throughout the Use License term, and failure to disclose financial conflict of interest may be grounds for terminating a permit at the exclusive and complete discretion of the Department Director.
10. Penalties – Failure to submit fees and/or documents within the specified time frames throughout the term of the Use License will result in a \$100/day late penalty charge. **The Department will not be responsible for issuing reminders of Use License deadlines and requirements, and licensees**

will be held solely and fully responsible for timely compliance of all Use License requirements throughout the Use License term.

****Training Days and Open Houses** – At the Department's discretion, Licensees who have been awarded the Use License may be allowed to conduct up to three employee trainings and up to three open houses prior to the commencement of their camp start date without additional cost (pending location availability). Licensees must submit a separate Use Permit application(s) online prior to the anticipated training or open house per policy guidelines.

III. APPLICATION SUBMISSION

A. Submittal of Applications

Applications will be accepted beginning April 3, 2017 at the address and during the office hours listed below.

Note: Questions regarding the selection process and application requirements may be submitted in writing, before the application deadline, to the delivery address below or by e-mail to PCorreia@bh.lacounty.gov or jwu@bh.lacounty.gov.

B. Delivery of Applications

The delivery of the Use License application to the Department is solely and strictly the responsibility of the applicant and must be made in person as the applications will be reviewed on a first come, first served basis. Hand delivery should occur to:

Department of Beaches and Harbors
Permits Section
13483 Fiji Way, TR#4
Marina del Rey, CA 90292

Note that office hours for hand delivery to this location are Monday through Friday, 7:00 a.m. to 5:00 p.m.

C. Administrative Use License Fee

Each application must include payment in the amount of \$250, which is the prevailing administrative Use License fee. If paying by check, it should be made payable to the Department of Beaches and Harbors. Applications not accompanied by the \$250 administrative fee will not be considered.

Unsuccessful applicants will receive a refund of 50% of the \$250 administrative fee upon completion of the Use License selection process.

D. Number of Copies

Applicants must submit one unbound original application suitable for reproduction of their application and supporting documentation. All materials submitted by applicants become the property of the Department and may not be returned.

IV. APPLICATION EVALUATION

A. Evaluation Process

Use Licenses will be issued on a first come, first served basis provided applicants pay all applicable fees and meet all application and minimum safety requirements. Incomplete applications will not be processed and the Department will evaluate the next application received.

V. PUBLIC INFORMATION NOTICE

All applications and submitted documentation become public records and will be available in the Department's Permits Section for inspection, except for certain excluded materials which are permanently confidential. These excluded materials may consist of personal financial statements and credit information related to the applicant, thus applicants are requested to submit the required financial statements on separate sheets.

VI. SCHEDULE OF ATTACHMENTS TO USE PERMIT APPLICATION INSTRUCTIONS

- A. Tower Locations, Hours of Operation, and Minimum Location Bid Fee Amount
- B. Recreational Camp Minimum Safety and Operating Requirements
- C. Recreational (Beach/Surf) Camp Rules and Regulations
- D. Use License Application

| Check in with Lifeguards | Mandatory before establishing Camp site/water entry | Mandatory before establishing Camp site/water entry |
| Meeting with Area Captain | Mandatory prior to program | Mandatory prior to program |

RECREATIONAL (BEACH/SURF) CAMP RULES AND REGULATIONS

In addition to the requirements on Attachment B, the following additional Rules and Regulations apply for Recreational (Beach/Surf) Camps:

- Each Camp Director must be reachable by phone during camp hours. Each camp's cell phone must be available on the beach at all times during operational hours and monitored on a regular basis for calls and voice mails, with the phone number having been previously registered at the respective Lifeguard Headquarters and with Beaches and Harbors. The Lifeguard Dispatch number will be "programmed" into the beach cell phone.
- All Camp Directors and Lead Instructors must meet with the Lifeguard Area Captains prior to the start of their respective summer operation (emergency vehicle access around/through camp site, bike path crossings, black ball, e.g.). Camp Directors must have previously secured approval of their parking and drop-off/pick-up plans from Beaches and Harbors' Parking Operations Section.
- All Camps offering surfing as part of their curriculum must ensure usage of required surf leashes at all times.
- All Camps must have for all participants under the age of 18 a medical waiver signed by their parents or legal guardians, which can be immediately faxed or scanned in and e-mailed, with emergency information included. There must also be an assumption of risk document holding the County harmless for each participant.
- Camp operators shall notify the Lifeguard Captain on duty, as soon as feasible, of any accident or injury occurring in the operation of their camps, regardless of severity. All rescues and medical aids involving campers, counselors, or other personnel must be documented on company incident slips.
- Lifeguards will have the authority and discretion to relocate a camp location due to hazardous beach or surf conditions.
- The Lifeguard Division will establish a complaint file at respective Lifeguard Headquarters to document repeat violators.

***The words "Instructor" and "Counselor" are interchangeable, as are the words "camper" and "participant".**
